

Business Queries

1. Business Rules Overview

1.1 Eligibility Rules

Applicants must meet the following conditions:

- A valid **Government-issued ID proof** must be submitted.
- A valid **address proof** not older than **3 months** is mandatory.
- For corporate applications, the form must be submitted by an **authorized signatory**.
- Email ID and mobile number provided must be **active and reachable**.
- All documents must be **clear, readable, and complete**.
- Applicant must not have an **active or duplicate application** already in the system.

1.2 Rejection Rules

An application may be rejected if:

- Mandatory documents are missing.
- ID proof or address proof is **unclear, blurred, or invalid**.
- Duplicate application detected with same mobile number/email.
- Incorrect or mismatched applicant details are provided.
- Corporate documentation (registration proof, signatory authorization) is incorrect or insufficient.
- Document tampering or discrepancy found during verification.

2. Application Types & Definitions

2.1 Individual Application

For a single person applying independently.

Required Documents:

- ID Proof
- Address Proof
- Recent Passport-size Photograph

2.2 Family Application

Includes main applicant and dependents.

Additional Requirements:

- Relationship Proof for each dependent (Birth Certificate / Marriage Certificate / Ration Card)
- Documents for all family members

2.3 Corporate Application

Submitted by an organization for multiple employees.

Mandatory Documents:

- Company Registration Certificate
- Authorized Signatory Letter / Board Authorization
- Valid ID proof for signatory
- Employee List (Excel or PDF)
- Employee documents as per individual requirements

Notes:

- The signatory must confirm the accuracy of submitted employee details.
- Employee additions or corrections are allowed until verification stage.

3. End-to-End Application Workflow (Business View)**Step 1: Document Collection**

User gathers all required documents depending on application type:

- Individual → personal documents
- Family → relationship proofs
- Corporate → company + employee documents

Step 2: Initial Registration

User enters preliminary details:

- Name
- Email
- Phone Number
- Application Type (Individual / Family / Corporate)

Registration email/OTP verification may occur here.

Step 3: Document Upload

User uploads required files:

- ID proof
- Address proof
- Corporate papers (if applicable)
- Relationship proofs (for family applications)

System performs basic format validation.

Step 4: System Validation

The backend system checks:

- File clarity (using blur detection if available)
- Supported file formats (PDF/JPG/PNG)
- Metadata: size, dimensions, file type
- Duplicate application detection via email/phone

If any issue found → user gets an error message.

Step 5: Verification Team Review

A designated verification officer reviews:

- Document authenticity
- Eligibility criteria
- Relationship proofs
- Corporate signatory validation
- Completeness and correctness of user data

They may request clarifications or updated documents.

Step 6: Approval / Rejection

Based on verification:

If Approved:

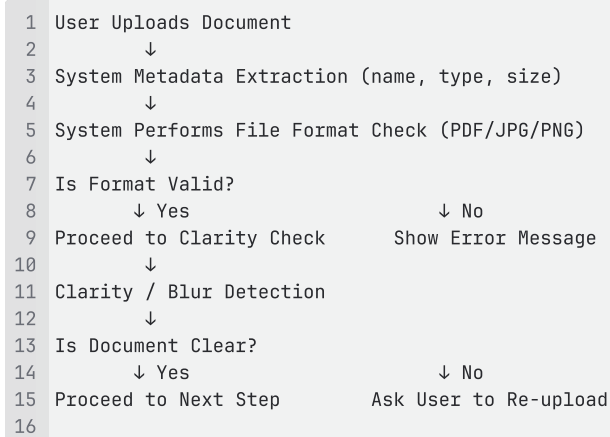

- User receives approval email/SMS
- Membership number or confirmation is generated
- Status in portal updates to **Approved**

If Rejected:

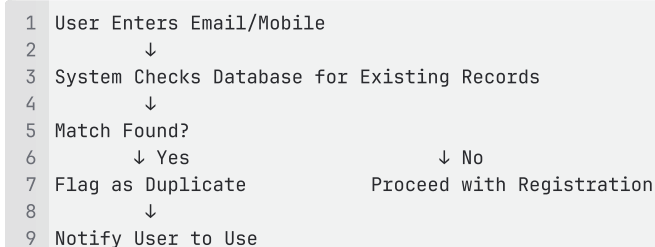

- Rejection reason is shared with the applicant
- Instructions to reapply or correct documents are provided

5. SLAs & Processing Timelines

Application Type	Expected Timeline
Individual	24–48 hours
Family	48–72 hours
Corporate	3–5 business days

Note:

Timelines may vary depending on volume, incomplete documents, or pending user responses.

6. Business FAQs

Q1: Can a user apply twice?

Yes — but only if the first application was **rejected** or withdrawn.

Duplicate active applications are not allowed.

Q2: Can corporate users edit employee details later?

Yes, edits are allowed **until the verification stage is completed**.

Q3: What if address proof is older than 3 months?

User must upload a **recent proof**, otherwise the application may be rejected.

Q4: Who validates corporate documents?

The **Corporate Verification Team** is responsible for validating:

- Registration documents
- Signatory authorization
- Employee lists

Q5: What documents count as address proof?

- Utility bills (electricity/water/gas)
- Bank statement (last 3 months)
- Rental agreement

- Government-issued address proof

Q6: Can a user add dependents later?

Only **before verification**. After approval, dependents require a new request or policy-based workflow.

Q7: What happens when duplicate application is detected?

System blocks submission and notifies user to use an alternate email/mobile or check previous application status.
